## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 1 – 16 are allowed.

The following is an examiner's statement of reasons for allowance:

- The Examiner found the Applicant's arguments persuasive, and considers that the references of the Prior Art of record fail to teach, or suggest any obvious combination of the limitations discussed in the previous Office Action mailed on January 13, 2005, and further comprising the limitations of **(With respect to claims 1 and 13)** a booster circuit for a pre-drive circuit that drives a drive circuit of a brushless direct current single-phase motor as detailed described in the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
